# EVOKO LISO

Evoko Liso is an all-in-one solution where you get everything included for a one-time cost. The Evoko Liso allows the user to fully manage the solution on their own, on-prem or in the cloud. The Evoko Booking feature is optimal for co-working spaces where the people making bookings have different email domains.

Main Boardroom

Free for 4 hours

EVOKO NASO

The Evoko Naso covers everything from the basic booking functionalities to an extensive range of functions that can be added by our add-on packages.The Evoko Naso offers a simple, yet comprehensive feature set that requires a minimal amount of maintenance thanks to the Evoko-hosted solution and the custom SetApp for installation.

Available for 57 min
