The Connect Series Professional Displays were designed to enhance the current conferencing setups of corporate and education settings to accommodate hybrid work and distance-learning scenarios. Engineered for simplified connectivity and heightened engagement, the Connect Series Professional Displays offer wireless content sharing with Creative Cast™, along with live content viewing and real time collaboration with Optoma's 5-Series interactive flat panel displays via Creative Board. With a built-in media player, users can display information, create, and customise their own playlist. Additionally, users can also upload files wirelessly and access the cloud on popular systems such as Google, Microsoft, and Dropbox through Optoma's File Manager.
